Interval Recording/Time Sampling

Individual's Name: _____ Observer: _____

Time Observation Started:_____ Time Observation Ended:_____

Date of Observation: _____

Setting of Observation: _____

Target Behavior: (describe 1 behavioral occurrence/free operant**)**

Behavior Starts:

Behavior Stops:

☐Whole-interval recording ☐Partial-interval recording ☐momentary time sampling

Note: This form can be customized to fit preferred intervals (e.g., 30 sec, 60 sec)

						TOTAL:	

Summary:

Total number of X's_____= _____ X 100= _____%

Total number of intervals

20 minute observation has a total of 120 intervals
30 minute observation has a total of 180 interval
